Dear Parents,

Maakanaa Kidz (Olhuveli Beach & Spa Maldives Kids Club) keeps our youngest guests entertained during their stay, with educational activities, exciting games, craft-making and beach fun with a 100% Maldivian experience. Our concept for little ones is to PLAY, LEARN & HAVE FUN.

We offer a fun-filled schedule, seven days a week, with outdoor activities, allowing the children to experience the Maldivian essence: Maldivian cultural lessons, coconut arts & crafts, hermit crab races, educational games and sports. We also offer indoor activities such as Dhivehi language practice, drawing, painting, coloring, face painting, puzzles, movies, football and lots more.

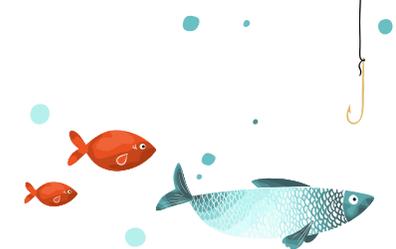

For safety and security reasons, parents must register their children at Maakanaa Kidz, so they can be supervised by our kid's attendants. A registration form must be completed and acceptance of your children is subject to certain conditions (health and happiness of your child). You can obtain an activity schedule from Reception or Maakanaa Kidz.
